

# Attn: Drivers

## **Backhauls have the same importance as Store Deliveries, THEY CANNOT BE MISSED.**

- You are expected to complete your Backhaul assignments.
- If you feel that at any point in your day you will not make your assigned pickup(s), you must call Dispatch immediately at 877-619-7090.

Do not wait until after your pickup(s) have already been missed to call Dispatch.

## **Perishable Load Responsibilities**

### **Pre-Cool your trailer before you arrive at Vendor**

- It is your responsibility to confirm Reefer setting is correct with vendor requirements. Produce & Dairy Set Temperature at 2° C or 35° F
- Proper loading of trailer to ensure load is secure.
- Complete and have vendor sign Quality Assurance Temperature Control Transportation Document.
- Monitor temperature setting and report all issues.

## **Driver Notes**

If you have any problems with your backhaul, (ie. not available till ??, already picked up etc.) ensure you write these notes directly on your backhaul tender and report these issues to Dispatch or X-Dock personnel immediately on return to yard.

**Failure in completing backhaul assignments without notification or incomplete driver notes could result in disciplinary action.**

## **Trailer Capacities**

- Trailer Capacities: 53' - 26 skids, 48' – 24 skids
